DESCRIPTION

Short Description (50 words)

The AlphaTec Phantom is a reusable non-encapsulating Level B/Type T & Type TR suit. Used for first response protection against chemical and biological warfare agents and toxic industrial chemicals. Using a strong and flexible polyamide fabric coated on the outside with chloroprene rubber. On the inside with a welded-on barrier laminate tape, to create a seamless barrier and provide optimal safety for all users.

Long Description (75 words)

The AlphaTec Phantom is a durable, reusable non-encapsulating CBRN protective suit designed for comfort and manoeuvrability, ensuring user safety in first response protection against chemical and biological warfare agents and toxic industrial chemicals. Using a strong and flexible polyamide fabric coated on the outside with chloroprene rubber. The inside uses a welded-on barrier laminate tape, to create a seamless barrier and provide optimal safety for users. The phantom comes with a chemical resistant butyl rubber mask seal, cut in 3D shape to fit optimally, gas tight zipper and an optional bayonet glove ring system for quick and simple glove exchange. Allowing Users to choose between variants.
